CARRIER OBJECTIVE

To work for an organization which provides me the opportunity to improve my skills and knowledge to grow along with the organization objective.

PROJECTS

Bank Management System

Created a Bank Management System that simplifies banking operations for customers and staff. Users can manage accounts, view transaction history, and perform transactions securely, enhancing efficiency and customer satisfaction

E - Auction Hub (currently working...)

I am currently developing a secure and scalable online auction platform using the MERN stack. The project is in progress, and I am implementing real-time bidding, JWT authentication, and payment integration with services like Razorpay or PayPal, focusing on enhancing transparency, efficiency, and security in online auctions
